

The past few months at the camp have been busy for me. I have been doing everything from unclogging sewer lines, fixing broken water lines, repairing broken power lines, fixing furnaces, replacing broken windows, fixing our road lighting, unfreezing water lines in buildings, repairing our

Work Projects

Often, we have staff meetings where we sit down and get a visual and written picture of what Encounter is and where our realm of impact reaches. It is exciting to see how far God has brought Encounter these past eight years since I have been with the ministry. Today, there is an Encounter ministry operating in Zambia, Africa, that is reaching many lost people for Christ that we would never have the chance to minister to. Encounter is greatly involved in India where over 1,500 orphans are being taught about Christ through Banjara Tribal ministries each day. Our prayer is that many of the children will be missionaries and pastors that will have a desire to reach their world with the truths of God's Word. This is just two of the places where ERM is involved today outside of our own country.

Impact Across The World

As I look back over the past few months, I am thankful for God's leading in my life and for His provisions for me. It is an adventure that is worth taking to live by faith and rely on God completely for everything. Thank you for being a part of that adventure that I am on to serve God and work each day so that people will be drawn to God and encouraged to live a life of meaning through Christ. Without your faithful support whether through prayer or finances, I would not be able to be a missionary with Encounter Revival Ministries. Thank you for being a part of the team that it takes to keep a missionary on the field.

God's Provisions

maintenance man to work at the camp with me for the next few months. One of our main objectives is to remodel our four motel units both inside and outside. This project alone is going to be well into the thousands of dollars to complete, and we would ask for your prayer that God would supply the funds for this much needed renovation.

The Team

The team is doing a wonderful job in ministry on the road. Currently they are ministering in North Carolina and will be in the state for a few more weeks. We have thirteen full weeks of meetings lined up for this part of the year, and then they will be headed to India for their missions trip. We are very much excited for their trip to India this year, and we greatly covet your prayer for this trip.

Events in my life

My personal life has also been very busy over the past few months. I have been able to get involved more at church by being on the missions committee, participating in our Seed Sowers ministry, working with the kids club on Sunday evenings, participating in something that we call prayer partners ministry, and also being involved with two separate Christ-mas presentations at Garden Chapel. Another area in my life that has become busy is the area of fitness. I recently joined a local gym, and have been trying to make it each morning and some evenings, to try to get my body in better physical condition. As of right now, I have lost 51 pounds, and I give God praise for each one of those.

travel trailers for the team to go on the road, and many other daily tasks that must be completed to keep the camp running efficiently. I am very thankful to have another full-time
