Dear Friends,

Thank you for your January 4th letter. We are so thankful that your church has taken such an active interest in the ministry here. We are so blessed that you have faithfully supported us and helped us in so many ways.

We would like to ask if we could plan to attend your September 19, 2007 meeting? As far as information, we are in the process of having a new video made about Siloam Missionary Homes. When we get that, we will forward a copy to you for your presentation.

Again, thank you and God bless each of you.

Because of Christ,

Larry George
